In re.: WELLPATH HOLDINGS, INC.,  
et. al.

Claim 572

Case #: 24-90533 (ARP)

SUPPLEMENT TO VOTER'S BALLOT

Comes now, ROBERT CURTIS FINCH to clarify the reason he voted yes to the reorganization plan. The reason his vote was yes is because he believes that the insurance coverage of WELLPATH... is considered to be separate the beneficial trust in business under the plan, something which the Committee misunderstands. If the insurance doesn't pay separately and the claimants only receive 0.8 to 12% of the beneficial interest including insurance and not the insured amount plus 0.8 to 12% of the trust in business, the trust in business which could be zero, then he votes NO.

Under the insurance policies held by WELLPATH... he is entitled to \$73,000,000.

Under the 2020-21 ProAssurance policy, he is entitled to \$5,000,000 plus \$5,000,000 aggregated.

Under the 2020-21 Coverys Specialty Insurance Company policy, he is entitled to \$5,000,000 and \$5,000,000 aggregated.

Under the 2020-21 Scottsdale policy, he is entitled to \$10,000,000 and \$10,000,000 aggregated.

Under the 2021-22 Scottsdale policy, he is entitled to \$3,000,000 - no aggregated.

Under the Allied World Assurance Company (U.S.) Inc. policy, he is entitled \$2,000,000 - no aggregated - 2021-22.

Under the 2021-22 National Fire + Marine Insurance Company policy, he is entitled \$3,000,000 - no aggregated.

Under the 2021-22 Scottsdale policy, he is entitled \$7,000,000 - no aggregated.

Under the 2022-23 Scottsdale policy, he is entitled \$3,000,000 - no aggregated.

Under the 2022-23 Allied World Assurance Company (U.S.) Inc. policy, he is entitled \$2,000,000 - no aggregated.

Under the 2022-23 National Fire + Marine Insurance Company policy, he is entitled to \$3,000,000 - no aggregated.

Under the 2nd 2022-23 Scottsdale policy, he is entitled to \$7,000,000 - no aggregated.

I don't believe that any other policies apply, but I ask that Judge Pérez review them to see.

To close this suppliment, I request that Judge Pérez secure the insurance payouts before excepting my vote to be yes to the plan. I only vote yes if insurance coverage is separte the benefitial trust and is to pay.

The one colony of bees I have are doing pretty good. They've already produced a 40+ pound harvest for the year. The only problem is that the IRS cheats farmers on their taxes.
